REMARKS/ARGUMENTS

A Notice of Allowability has been issued in this case. Corrected drawings are to be submitted to replace the drawings as filed, which the Examiner is treating as informal drawings.

The drawings as filed were received in the U.S. Patent Office in poor quality. The poor quality of the drawings was due to U.S. Patent Office software deficiencies which caused the poor quality during electronic filing of the application, as subsequently confirmed and corrected by an electronic filing technician at the U.S. Patent Office. The replacement drawings are identical to the drawings as submitted, and are believed to fully satisfy the requirements of formal drawings pursuant to 37 C.F.R. 1.84.

Respectfully submitted,

ROBERT LEWIS
